DECLARATION OF MARISSA BAILEY

I, Marissa Bailey, do hereby state as follows:

1. I am employed as the Deputy Director of the Division of Fuel Cycle Safety and Safeguards in the Office Nuclear Material Safety and Safeguards of the United States Nuclear Regulatory Commission ("NRC"). My supervisory responsibilities include oversight of the NRC Staff's review and evaluation of the Shaw Areva Mixed Oxide Fuel Fabrication Facility License Application.

2. As part of their responsibilities in preparing the hearing file and mandatory disclosures for these proceedings, NRC Staff members under my supervision identified certain documents as privileged because they contained information concerning the Staff's deliberative process. Those documents are listed in Attachment 2 to the Mandatory Supplemental Disclosures submission of the Staff's Hearing File.

3. I have personally reviewed the documents identified as privileged in Attachment 2, and have determined, in accordance with the guidance set forth in Management Directive 3.4, that they contain predecisional information concerning the Staff's review of the license application. All documents contain either the Staff's analyses, recommendations, opinions, or evaluations, and may not necessarily reflect the final agency position with respect to the matters discussed therein. Each of the

documents comprises part of the deliberative process necessary to the Staff's review of the pending license application.

4. Further, I have determined that disclosures of these documents could result in harm to the agency, in that it would (a) prematurely disclose the preliminary views of individual Staff members and/or the Staff prior to reaching a final agency decision, and could thus create confusion as to the actual policy or views of the NRC Staff; (b) hinder the efficiency of the Staff, in that forced disclosure of its internal discussions on an unresolved issue would tend to chill all future deliberations and would interfere with the Staff's ability to engage in a free exchange of opinions and analyses prior to publishing its final review documents; and (c) imply or suggest incorrectly that the opinions of the Staff members involved in these communications are actually the final decisions of the agency, while no such final decision has yet been made.

5. Accordingly, I formally invoke the deliberative process privilege with respect to each of the documents listed in Attachment 2 to the Mandatory Supplemental Disclosures submission of the Staff's Hearing File.

6. I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information and belief.
