STANDARD FORM 30 (REV. 10-83) Prescribed by GSA (41 CFR) 53.243  
**ADMOD**

**Section C.3.8 User Migration to new VMS**

Change paragraph to read as follows:

The Contractor shall coordinate with the Government and implement the User Migration and Cutover Plan. The Contractor shall have ultimate responsibility for the successful migration and cutover to the new Voice mail system. Any work deemed non-compliant during the next fifteen (15) consecutive days after user migration is completed, shall be re-worked at the Contractor's expense. The end of this period of fifteen (15) consecutive days following user migration will mark the completion of the project. All issues that arise after that period will be handled under the Contractor's Warranty and Maintenance services as noted in Section C.2.2.6.

**Section C.5 STANDARD OF PERFORMANCE AND ACCEPTANCE OF EQUIPMENT**

**Section C.5.2 Performance Period**

Change paragraph to reflect period of performance of twenty (20) consecutive days to read as follows:

Performance period shall begin on the day following the Government acceptance of the successful test results of the Test and Acceptance plan as delineated in section C.3.2. The performance period shall end when equipment has met the standard of performance for a period of twenty (20) consecutive days by operating in conformance with the Contractor's technical specifications and functional descriptions, or as quoted in the Contractor's proposal, which must satisfy the requirements of this contract, at an effectiveness level of 100% as a minimum.

**Section C.5.3 Continuance of Performance Period**

Change paragraph to reflect twenty (20) consecutive days to read as follows:

If equipment does not meet the standard of performance during the initial 20 consecutive days, the performance period may continue on a day-by-day basis until the standard performance is met for twenty (20) consecutive days.

**Section C.5.13 Minimum Use of Time**

Change paragraph to reflect 20-day to read as follows:

During the performance period for a system/machine, a minimum of 100 hours of operational use time with scheduled productive or simulated work will be required as a basis for computing effectiveness level. However, in computing effectiveness level, the actual number of operational use hours shall be used when that number exceeds the minimum of 100 hours. Added machines, machines modified in a minor way, and substitute machines are subject to the 100-hour minimum use time requirement. The Government shall accept such machine(s) without the addition of simulated work solely to achieve the minimum of 100 hours use time, provided the average effectiveness for the 20-day acceptance period is equal to or better than the level specified in paragraph "Performance Period".

**Section C.5.14 Date of Acceptance**

Change paragraph to reflect 20-day to read as follows:

Rental, maintenance charges, and warranty shall commence on the first day of the successful performance period. The Government shall not accept equipment and shall not pay charges until the standard of performance is met. The effective date of acceptance shall be the first day of the 20-day successful performance period.
