EXIT SIGN RECYCLING POLICY

SRBT will recycle any self-luminous exit sign; free of charge, if it is to be replaced by a SRBT self-luminous exit sign. Once replacement signs are ordered and the invoice paid contact SRBT to receive a Returned Goods Authorization Number (RGA #). Signs for free disposal must be returned within six months of the date the replacement signs were shipped. Normal disposal fees will apply for signs not returned within this period.

SRBT will recycle signs from any manufacturer. The price for recycling five signs or less, regardless of the manufacturer, is \$125/sign. When recycling more than five signs the cost is \$75 each for signs manufactured by SRBT and \$100 each for signs of other manufacture.

SRBT requires payment of recycling fees to be made in advance either by check or credit card. SRBT requires the customer to pay for all freight charges for exit signs being returned for recycling.

SRBT requires that all mounting screws and brackets be removed from signs prior to return. An additional fee of \$50 per sign will be charged for each sign returned with screws and/or mounting brackets still attached. All hardware for double faced signs should be removed allowing them to be shipped as two separate signs.

Signs should be packaged using sturdy cardboard boxes and appropriate packing materials with no more than 10 signs in each box. SRBT will invoice an additional \$100/box for each box containing more than 10 signs. Shipments made using metal or plastic drums will be refused and returned to shipper.

By signing this form you agree to these terms and understand that failure to follow these policies may result in shipments being returned and/or additional charges for disposal.
