I have been advised by the NRC staff that your response should address the withdrawn RAIs M1 and P1. Your response should simply state that those RAIs were withdrawn by NRC staff. This will prevent any confusion in the future as to why those RAIs are not shown in your response.

Don & all:

Attached is the official letter from the US NRC transmitting their revised request for additional information for the MFC-1 package revalidation.

Your response is due within 60 days and should be formatted with specific item by item responses. Please provide your response to our office, addressed to Rick Boyle, and we will pass it on to the NRC. Please advise as soon as possible if you anticipate problems with meeting that deadline.
