Dear Chairman Wang:

I want to thank you for your wonderful hospitality during my trip to China. I very much enjoyed our lively discussion, and it was especially enlightening to hear your overview of the activities of the State Nuclear Power Technology Corporation (SNPTC).

I also appreciated your thoughts on the Westinghouse AP-1000 project; your points were well-noted, and I will be interested in speaking with you again in the future as the construction progresses.

I look forward to meeting with you again in the future; and I wish you success in your endeavors.

Sincerely,
