G.3 - Responsibilities

G.3.1. - Program Element Managers and Project Officers

- A. The NRC PEM is the NRC CO's authorized representative for the technical aspects of the entire technical area for which he/she is responsible. The NRC PO is the CO's authorized representative for the technical aspects of each individual task for which he/she is designated.

The PEM and PO for an individual subtask are responsible for: (1) monitoring the Center's progress to ensure that work completed is commensurate with resources expended and is on schedule, including surveillance and assessment of performance, and recommending to the CO changes in requirements; (2) interpreting the scope of work; (3) performing technical evaluation as required; (4) performing technical inspections and acceptances required by this contract; and (5) assisting the Center in the resolution of technical problems encountered during performance. Within the purview of this authority, the PEM and PO are authorized to review all costs requested for reimbursement by the Center that are associated with their particular major area of work as specified in the current Center Operations Plans. Recommendations for approval, disapproval, or suspension for supplies/services required under the contract shall be submitted to the NRC CNWRA PEM. The NRC CO is responsible for directing or negotiating any changes in terms, conditions, or amounts cited in the contract and any Operations Plans incorporated herein by reference. For guidance from the PEM or PO to the Center to be valid, it must: (1) be consistent with the description of work set forth in the contract; (2) not constitute new assignment of work or change to the expressed terms, conditions or specifications incorporated into the contract; (3) not constitute a basis for an extension to the period of performance or schedule for major milestones; and, as stated above, (4) not constitute a basis for any increase in the contract cost.

- B. The PEM or PO is not authorized to approve or request any action which results or could result in an increase in contract cost; or terminate the contract, settle any claim or dispute arising under this contract, or issue any unilateral directive whatsoever.
- C. The NRC PEMs, POs, and areas of work for which they are designated are as follows:
