Subject: USACE public notice for permit request from Dominion

Dear All

The USACE has noticed the Joint Permit Application for the North Anna Unit 3 project. See message below. The notice itself is short (4 pages) with several maps.

One of the things we need to decide is whether or not we would want to comment. I would like feedback from the team on that. I'd like to know by COB Jan 14th if anyone feels we need to comment and the basis or issue.

Thanks.
Tami

Subject: Web Public Notice (10-V1256/NAO-2008-02534)

Norfolk Regulatory has posted the following public notice on the web:

January 6, 2011: Dominion Virginia Power proposes to construct and operate a third nuclear unit at the existing North Anna Power Station (NAPS) which currently operates two nuclear units. The proposed project involves the construction of permanent excess spoil disposal fills and lay down areas, storm water basins, road crossings, culverts, cooling towers, intake structure, outfalls, fills to accommodate the separation of existing NAPS facilities, and the inundation of shoreline wetlands from an associated 3-inch water level increase in Lake Anna and in the waste heat treatment facility. The North Anna Power Station Unit 3 project is located at the existing North Anna Power Station (NAPS) near the town of Mineral in Louisa County, Virginia and includes components in Orange, Spotsylvania, Caroline, Hanover and King William Counties. Expiration Date: February 14, 2011.
