FYI.....example of regional support, and Entergy helped by dealing with badging and access issues which is great....and this is equally, if not more impressive given the weather!

Paul,  
As an FYI, the NRC is sending Andrey Turilin to IPEC tomorrow at 10 AM to observe the sampling of MW-66 and MW-67 (both are on the Unit 1/2 waterfront). This will sampling will be complete on Wed 1/28, at which time the samples will be sealed and turned over to RP for shipment to the NRC lab. I have completed IPEC Access forms for Mr. Turilin and turned them into OCA badging office for processing & will provide escort if required.

If you have any questions about this please contact me.

Best,
