Wharnccliffe, WV 25651

SUBJECT: COBRA NATURAL RESOURCES, LLC, LICENSE AMENDMENT, CONTROL
NO. 574131

Dear Mr. Matras:

This refers to your license amendment request dated December 6, 2010. Enclosed with this letter is the amended license.

We noted that in addition to the specifically licensed coal analyzer (Thermo Scientific Model CQM), you also possess 9 fixed gauges (TN Technologies Model 5211) and another coal analyzer (Coalscan Model 3500) under the general license in 10 CFR 31.5(a). Several licensees, who maintain a specific license and also possess general licensed devices, have found it convenient and advantageous to include all of their general licensed devices in their specific license. Therefore, based on our records, we have adjusted the possession limits in Item 8 of the amended license so that, if you prefer, you may transfer your general licenses devices to your specific license without requesting an amendment to your license. Should you decide to include these devices in your specific license, you must notify the vendors as well as the NRC so that these devices may be removed from our General License Tracking System (GLTS).

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 6:30 p.m. EST, Monday through Friday (except Federal holidays).

F. Matras
