Dear Administrative Judges:

Pursuant to 10 C.F.R. §§ 2.336(b) and (c) and 2.1203, the Nuclear Regulatory Commission (NRC) Staff provides the Licensing Board and the parties with an updated index listing documents required to be disclosed by the Staff. (Attachment 1.) These documents may be viewed by accessing the hearing file for this proceeding that is maintained by the NRC's Office of the Secretary. The Staff is also attaching logs identifying documents that, under 10 C.F.R. § 2.390, are exempt from disclosure and for which the Staff is asserting a privilege or immunity. (Attachments 2 and 3.)

Along with the attached indices, the Staff is providing affidavits (1) certifying that all relevant materials have been disclosed to the extent required by 10 C.F.R. § 2.336(c), and (2) formally invoking the deliberative process privilege for certain documents.

The Staff will update its mandatory disclosures, hearing file, and privilege logs no later than March 1, 2011.

AFFIDAVIT OF RONALD BURROWS CONCERNING MANDATORY DISCLOSURE REQUIREMENT OF 10 C.F.R. § 2.336(c)

- I, Ronald Burrows, do hereby state as follows:
- 1. I am employed as a Senior Health Physicist in the Nuclear Regulatory

 Commission's Office of Federal and State Materials and Environmental Management Programs,

 Division of Waste Management and Environmental Protection, Decommissioning and Uranium

 Recovery Licensing Directorate. Among my responsibilities, I serve as Project Manager for

 Powertech (USA) Inc.'s application for a license to be used in connection with the proposed

 Dewey-Burdock uranium recovery facility. In this capacity, I am managing the preparation of the

 NRC Staff's hearing file and mandatory disclosures in connection with Powertech's application.
- 2. I hereby certify that all materials the Staff must disclose in this proceeding under 10 C.F.R. § 2.336 (b) and (c) have been disclosed, and that the disclosures are accurate and complete as of the date of this certification.
- 3. I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information and belief.

DECLARATION OF KEITH McCONNELL

- I, Keith McConnell, do hereby state as follows:
- 1. I am employed as Deputy Director in the Nuclear Regulatory Commission's Office of Federal and State Materials and Environmental Management Programs, Division of Waste Management and Environmental Protection, Decommissioning and Uranium Recovery Licensing Directorate. My supervisory responsibilities include oversight of the NRC Staff's review and evaluation of Powertech (USA) Inc.'s application for a license to be used in connection with the proposed Dewey-Burdock uranium recovery facility.
- 2. As part of their responsibilities in preparing the hearing file and mandatory disclosures for this proceeding, NRC staff members under my supervision identified a number of documents as privileged because they contain information concerning the Staff's deliberative process. Those documents are listed in Attachment 2 to the Staff's November Update to the Hearing File, which I understand will be filed on February 1, 2011.
- 3. I have personally reviewed the documents identified as privileged in Attachment 2 and have determined, in accordance with the guidance set forth in Management Directive 3.4, that all documents contain predecisional information concerning the Staff's review of Powertech's license application. These documents contain the Staff's analyses, recommendations, opinions or evaluations, and they may not necessarily reflect the final agency

position with respect to the matters discussed therein. Each of the documents comprises part of the deliberative process necessary to the Staff's review of Powertech's license application.

- 4. Further, I have determined that disclosure of the documents could result in harm to the agency, in that it would (a) prematurely disclose the preliminary views of individual Staff members or the Staff prior to reaching a final agency decision, potentially creating confusion as to the actual policy or views of the NRC Staff; (b) hinder the efficiency of the Staff, in that forced disclosure of its internal discussions on an unresolved issue would tend to chill all future deliberations and would interfere with the Staff's ability to engage in a free exchange of opinions and analyses prior to publishing its final review documents; and (c) imply or suggest incorrectly that the opinions of the Staff members involved in these communications are actually the final decisions of the agency, when no such final decision has yet been made.
- 5. Accordingly, I formally invoke the deliberative process privilege with respect to each of the documents listed in Attachment 2 to the Staff's Hearing File Update of February 1, 2011.
- 6. I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information and belief.
