Rulemaking and Adjudications Staff

Having reviewed the draft rule and public comments provided by other facilities and the National Organization of Test, Research and Training Reactors (TRTR), I would like to provide input in the proposed 10 CFR Part 73 Rulemaking (NRC-2008-0619) as published in the Federal Register Vol. 75 No. 138 -Tuesday July 20, 2010.

I find the proposed rule adds additional requirements for security at RTR facilities that will further limit student, student faculty, and researcher access and divert additional resources from our research and educational missions.

I support the comments submitted by TRTR (NRC-2008-0619-0019) and ask that my comments be joined to those specific comments for resolution.

I appreciate the opportunity to provide comments on this important proposal.

Please feel free to contact me with questions.
