Chairman Gregory B. Jaczko
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Chairman Jaczko;

I am writing in regards to Hyperion Power Generation Inc., a company headquartered in Denver, CO. This company is preparing to commercialize a nuclear reactor technology initially developed at Los Alamos National Laboratory. I understand that this company may have an application in to the Nuclear Regulatory Commission regarding this technology.

Given that this technology may be promising, I would like to know the status of their application, the amount of time expected to review it, and if the Nuclear Regulatory Commission has any specific concerns or issues with Hyperion's application. Thank you for considering this request.

Sincerely,

Mark E. Udall
United States Senator
