(Eagle Rock Enrichment Facility)  
Docket No. 70-7015-ML; ASLBP No. 10-899-02-ML-BD01

Dear Administrative Judges:

In its Initial Scheduling Order dated May 19, 2010, the Atomic Safety and Licensing Board ("Licensing Board") directed the NRC staff ("staff") to submit monthly a "short report specifying its best estimates of the dates when it expects to issue the draft and final version of the EIS, and the dates it expects to issue the SER, including any 'advance' SER, SER with open items, and its final SER."

The staff issued the final SER on September 28, 2010. The final EIS is expected to be issued at the end of February 2011.

Unless there is a change to the final EIS issuance date, this will be the staff's final status report absent additional direction from the Board.

Respectfully submitted,

**Executed in Accord with 10 CFR 2.304(d)**
