Subject: Transnuclear, Inc. Updated Near Term and Long Term Licensing Plan

Reference: Letter from Donis Shaw (TN) to NRC Document Control Desk, "Transnuclear, Inc. Updated Near Term and Long Term Licensing Plan," E-26975, January 7, 2010

Consistent with the guidance in RIS 2005-27, Transnuclear Inc. (TN) submitted the referenced letter to NRC which communicated our near term and long term licensing plans in 2010. This letter submits to NRC the updated near term licensing plans (Table 1) and long term licensing plans (Table 2). Currently TN has the following items under NRC review:

- An application for Amendment 11 to NUHOMS[®] CoC 1004 was submitted to NRC for review and approval in April 2007 and supplemented in August and December 2007, June 2008, August 2009, and August 2010.
- An application for Amendment 1 to NUHOMS[®] HD CoC 1030 was submitted to NRC for review and approval in November 2007 and supplemented in December 2008 and February, April, May, June, September 2009, July 2010, and August 2010. The amendment package was noticed in the Federal Register on January 13, 2011 and without significant adverse public comments will be effective on or about March 29, 2011.
- TN submitted a transportation package application for the TN-40 Cask to NRC for review and approval in August 2006 and supplemented in June 2007, August 2008, December 2009, and various additional submittals in 2010. NRC has communicated to TN that the preliminary CoC and draft SER will be issued in March 2011.
- TN submitted an application for Revision 3 to transportation package NUHOMS[®] MP-197, CoC 9302 in April 2009 and supplemented in June 2009, April 2010, and July 2010. TN received a request for additional information on November 19, 2010. TN plans to submit responses by the requested date of February 28, 2011.

The future licensing plans contained in Tables 1 and 2 are proprietary in nature and in accordance with 10 CFR 2.390(b), an affidavit is provided specifically requesting that you withhold this information from public disclosure.

I, Jayant Bondre, depose and say that I am a Vice President of Transnuclear, Inc., duly authorized to execute this affidavit, and have reviewed or caused to have reviewed the information which is identified as proprietary and referenced in the paragraph immediately below. I am submitting this affidavit in conformance with the provisions of 10 CFR 2.390 of the Commission's regulations for withholding this information.

The information for which proprietary treatment is sought is contained in Enclosure 1 and as listed below:

- 1. TN's near term licensing plans and long term licensing plans, Tables 1 and 2, respectively

This information has been appropriately designated as proprietary.

I have personal knowledge of the criteria and procedures utilized by Transnuclear, Inc. in designating information as a trade secret, privileged or as confidential commercial or financial information.

Pursuant to the provisions of paragraph (b) (4) of Section 2.390 of the Commission's regulations, the following is furnished for consideration by the Commission in determining whether the information sought to be withheld from public disclosure, included in the above referenced document, should be withheld.

- 1) The information sought to be withheld from public disclosure is a list of TN's identified future licensing action plans, which involve considerable research and development of intellectual property by Transnuclear, Inc.
- 2) The information is of a type customarily held in confidence by Transnuclear, Inc. and not customarily disclosed to the public. Transnuclear, Inc. has a rational basis for determining the types of information customarily held in confidence by it.
- 3) Public disclosure of the information is likely to cause substantial harm to the competitive position of Transnuclear, Inc. because the information consists of Transnuclear's near term and long term licensing plan which involves research and development activities for dry spent fuel storage systems, the application of which provide a competitive economic advantage. The availability of such information to competitors would enable them to modify their product to better compete with Transnuclear, Inc., take marketing or other actions to improve their product's position or impair the position of Transnuclear, Inc.'s product, and avoid developing similar data and analyses in support of their processes, methods or apparatus.

Further the deponent sayeth not.

Jayant Bondre
Vice President, Transnuclear, Inc.
