**Subject: Draft Presentation for February 10, 2011, NUMAC Platform Meeting**

The “draft” presentation for the NUMAC Platform meeting between NRC and GEH planned for February 10, 2011, is enclosed for your use in determining that the presentation contains information that GEH considers proprietary. Upon confirmation that the presentation contains GEH proprietary information, the meeting can be properly noticed.

Please note that Enclosure 1 contains proprietary information of the type that GEH maintains in confidence and withholds from public disclosure. The information has been handled and classified as proprietary to GEH as indicated in its affidavit. The affidavit contained in Enclosure 2 identifies that the information contained in Enclosure 1 has been handled and classified as proprietary to GEH. GEH hereby requests that the information in Enclosure 1 be withheld from public disclosure in accordance with the provisions of 10 CFR 2.390 and 9.17.

Because the presentation contains many details of GEH’s technology and future business plans, a non-proprietary version would contain essentially no information. Therefore, no non-proprietary version is provided.

If you have any questions, please contact Eric Mino at (910) 819-6090 or me.

Sincerely,

Edward D. Schrull, PE  
Vice President, Regulatory Affairs  
Services Licensing  
GE Hitachi Nuclear Energy
