Janelle – We will submit the 2 years met data in the same format used for the 1 year COLA met data. I should be able to get this submittal out next week.

Thanks.

**Subject:** Format of Met Data

Dave,

Regarding the met data, it is my understanding that the meteorological data is generally submitted in a text file (.txt) and is in accordance with the format in Reg. Guide 1.23, Rev. 1.

You may be familiar with this given that the first year (or two) of met data was submitted with the Victoria COL, right?

Let me know if you need anything else, if not, I'll let the reviewer know that you plan to send them.

Janelle
