RE: Termination Request  
License # 13-02063-01  
Control # 574053

Dear Ms. Simmons:

Attached are the additional items you requested by telephone in support of the previously submitted termination request for NRC License # 13-02063-01 (Methodist Hospital):

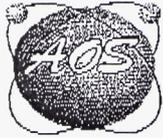

Attachment 1: letter from Alpha-Omega Services, Inc. documenting the receipt of the Iridium-192 source removed from the Nucletron HDR on March 28, 2005.

Attachment 2: letter from Alpha-Omega Services, Inc. documenting removal of the source on March 28, 2005 and shipment and receipt of the de-installed Nucletron HDR unit

Thank you for your consideration. If you have any questions or require further information, please let me know.

Sincerely,

Robert T. Anger, Jr., M.S., DABR, FACR  
Radiation Safety Officer

RE: Status of Nucletron mHDR Afterloader Serial Number 9102

Mr. Anger,

Please let this letter serve as an official statement concerning the disposition of the Nucletron mHDR "Classic" Afterloader serial number 9102 that was located at Methodist Hospital – Indianapolis, IN.

On March 28, 2005 Alpha-Omega Services removed the Ir-192 Source from this unit and shipped it back to our lab for proper disposal. After removal of the source, the Afterloader was de-installed and is now in long term storage in West Virginia.

If you should have any further questions, please feel free to contact me.

Kind Regards,

**Carl Tunnell**
