Tomeka – Thanks. I will look for the letter tomorrow and we will submit the response shortly. I would offer that a scanned pdf copy of this and other letters would be sufficient and would save the cost of Fed Exp.

Subject: Online Reference Portal Letter

Tomeka – Any update on the expected issuance of this letter? We are ready to respond confirming the appropriate controls as soon as we receive it, and we plan to have the reference tool available for staff use next week to support the upcoming hydrology audit information needs. I believe that we need to provide the response to certify that the correct controls are in place for the portal to be used by the staff.

Please let me know when we can expect this letter.

Thanks.

Dave Distel
