Janelle,

As discussed on our call this morning, please find attached a proposed agenda for the October 18th hydrology site visit. Note that the allotted time will not support a group visit to either San Antonio Bay or Matagorda Bay; however, we can discuss alternate options for a specific reviewer(s) if that would be helpful.

Our goal is to make the visit as productive as possible, so we welcome questions or suggestions that will allow us to better meet your reviewers' needs.

Thank you,
JT
