Alan,

During construction we will have 30 to 50 contractors on site. These numbers come directly from the experienced construction contractor that we have signed an agreement with. During operations, we will have approximately 60 employees plus 30 to 45 contractors. Of course these are all estimates but should be reasonably close.

John,

You're gonna think I'm balmy, but I need those worker #s, again

- Construction
- Operation

Thank you!
