Subject: MOU between NRC and BLM

Mitch - NRC is ready to send BLM the final version of the MOU that we hope our two agencies can sign. We have received the comments from your solicitors office and have incorporated them.

We would like to have a quick call to discuss with you the next steps in terms of how we get the MOU to you; readiness of BLM to sign and any next steps within BLM; logistics of getting one MOU signed, etc.

Can we arrange a call this week with you and/or your staff?
