Subject: NRC/BLM MOU

Rick/Mitch/Frank,

The MOU was finally signed by our Office (FSME) Director on Monday. We have been making phone calls (individual) to BLM State Offices, State DEP/DNR/DEQ Offices, and EPA Offices to let them know that a MOU is now in place and what it means in regard to uranium recovery applications on BLM-administered lands.

We would like arrange a meeting (phone or face-to-face) with the BLM HQ to understand how the BLM will use the MOU to help prioritize resources in their Field Offices. Please let us know when would be a good time to meet/discuss this, and other important issues related to the MOU.

Thank you.
