David,

One other minor comment: staff was confused what the units are on the Waste Classification Table you provided. Please clarify units for this table in your March response.

Thanks,

Chris

Chris,

Thanks Chris. We will try to submit the FSAR text changes by March 4. However, due to personnel training and travel commitments, we may not be able to send you the revised FSAR text until March 18. As discussed, we will send you the revised FSAR pages via email.

David,

Per our telephone discussion last week, we appreciate the rigor and quality contained in your RSI response. Once you provide FSAR change pages and their associated reference within each RSI, we may begin our detailed technical review.

Please respond with a date you expect you can provide the FSAR change pages and associated reference within each RSI.

Thanks,

Chris
