Michael and Molly,

It appears that Pa'ina may now want to operate two irradiators on O'ahu. If this is accurate, it would substantially affect the EA's analysis of impacts (e.g., cumulative impacts). Moreover, if Pa'ina were operating an irradiator in Kunia, the additional benefits of operating a second irradiator at the airport would be nil.

Aloha, David

Hi Doris,

Below is a message from Henkin, stating that he has no objection to his email being placed in ADAMS. Could we show this to DPC if they protest about placing the email in ADAMS? The person I spoke with in OGC who received this email also pointed out, as I did, that it does not seem appropriate to remove information (the privacy clause) from Henkin's email.

Thanks,

Johari

David,

Would you have any objection to the Staff making your e-mail below publicly available in ADAMS? I'm pretty sure you would not, but I just wanted to check in light of the confidentiality provision.
