Register for Infocast's Small Modular Reactors Summit by February 25, 2011 to Receive the Early Bird Rate

Building the Value Chain for Commercializing Small Modular Reactors 2011
March 28 - 31, 2011
Almas Temple Club, Washington, DC
<http://www.infocastnetwork.com/smr11>

Building the Value Chain for Commercializing Small Modular Reactors will bring together all of the communities in the SMR value chain to discuss how to build a new SMR industry. Leaders from the reactor developers, potential early adopter customers, defense contractors and manufacturers, utilities, and financial communities – communities that normally don't communicate amongst themselves in the ordinary course of events – will be on hand to share their perspectives on what is needed to form an efficient and effective value chain to commercialize SMRs.

Register by February 25, 2011 to receive the early bird rate (a savings of up to 25%). Register by visiting the event website at <http://www.infocastnetwork.com/smr11> or by calling 818-888-4444.
