Dear Sir or Madam:

DNMS

As a result of a recent Radiation Safety Program review it has come to our attention that the following items need to be updated/included in Roxar, Inc's License Number 42-27765-01.

1. Due to restructuring within the Roxar organization, Roxar Inc. is now operating under Roxar Flow Measurement, Inc. There has been no change of control, license material will continue to be managed by Marie Benson, RSO & Norberto Ortigoza, Service Manager-Americas.
2. As a subsection to License Condition 10, please include that the licensed material may be used in offshore facilities located within Federal Waters under the jurisdiction of the U.S. Nuclear Regulatory Commission.

*→ already authorized
in L.C. 10*

Roxar Flow Measurement, Inc. shall continue to abide by specific license conditions and Title 10 of the Code of Federal Regulations as applicable to uses under this license. If there are any questions or more information is desired please contact this office at (713)-334-2222.
