Dear Mr. Lambert:

I am responding to your February 2, 2011, e-mail to Mr. Thomas Boyce regarding the status of NUREG 1460. As indicated in NRC's previous letter to Global Nuclear Fuel, the Office of Management and Budget (OMB) designed a web-based information collections system in which all federal agencies are required to enter the information collections data. The data that OMB requires is the same data needed to generate and maintain this NUREG. OMB deployed the system in 2006, and indicated below is the link for you to access this data not only for the NRC but other federal agencies. Please enter the link below into your web browser and from the drop down menu select the NRC, then click the submit button.
