The Calculation should be available in the reading room today. It was sent overnight to arrive yesterday and we are verifying the calc were received by the reading rooms.

Steve, Rick,

I saw that the calc package has been made available in the electronic reading room. Most of the hydrologists (NRC and contractor) don't have access to the electronic reading room because they have access to one of the physical reading rooms. Is it safe to assume the calc package is also being placed in the 3 physical reading rooms (Frederick, Richland, Oak Ridge)?
