Subject: 2011-02-24 Schedule changes for RAI responses

Steve,

We didn't have a status call yesterday so I wanted to update you on a few items.

RAI-198 - **Luminant to respond to extent possible at this time (by 3/23) with a commitment to provide additional information as the NRC and industry resolves challenges in this area.**

11.05, RAI-201(5377) Rad Monitor - **Luminant is having difficulty getting our resources together to discuss. Would like a two week extension in due date (from 3/2/11 to 3/16/11).**

11.03, RAI-200(5375) Gas Eff - **Based on the clarifying call, preparation of the response will take more time than anticipated. Would like an extension of three weeks (from 3/2/11 to 3/23/11).**

11.02, RAI-203(5374) Liq Waste - **Luminant needs time to determine potential resolution paths. These are complex questions. Luminant will probably need a clarifying call the week of 2/28/11. More time will probably be needed to provide a response.**

Model RI Methodology - **Agree on meeting date and time in late March 2011. Luminant proposes week of March 28.**

Please respond when you get a chance.

Thanks,
