

Subject: Follow-up on VCS RCWs

Date: Wednesday, February 23, 2011 11:13 AM

From: Julie Holling <HollingJ@dnr.sc.gov>

To: Lara Aston <lara.aston@pnl.gov>

Lara,

Per your question on the phone, our record of red-cockaded woodpeckers on the St. George 1/St. George 2 right-of-way does fall within a half mile of the right-of-way, but the population has been extirpated. So it isn't something that needs to be of concern during the project.

Please let me know if you have additional questions.

Julie
