thanks alan. before I hit the send button - I just wanted to confirm that this version is ready to go back to BLM with an explanation that we consider this our BAFO (Best and Final Offer). Just kidding as I wont use that term but I would like to explain that we don't expect to provide any additional comments on this version.

if you all could close with me - that would be great.

Patrice M. Bubar, PE, Deputy Director  
Environmental Protection and Performance  
Assessment Directorate  
Division of Waste Management  
and Environmental Protection - FSME  
U.S. Nuclear Regulatory Commission

I've added the Attachment D to this package. It is ready to be sent to BLM. Debbie
