Today doesn't work and I am out Friday. I have tomorrow morning (Thurs) free at the moment from 8-11:45am. Does any time in the morning tomorrow work for you?

Bradley W. Jones
Assistant General Counsel for
Rulemaking and Fuel Cycle

FYI - from today's E-Reader (not sure why it took so long to appear):

Tab C - Letter from J. Block and S. Ander, concerns the release of the ISL GEIS, NUREG -1910.

SECY assigned it to OGC for a direct reply due on Thursday, but I wanted FSME to have awareness. Hopefully, you've already seen it.

Thanks,
Alison
