FYI

We will need OGC assistance.

Thanks

Subject: HEADS UP: Uranium One, Americas Follow-up

Hello,

Uranium One, Americas provided the attached document to Marty, Bill, and Catherine Marco (OGC) during their drop-in. They will also be providing copies to the Commissioners. Marty asked if they would like a response now or would prefer to refine it and send it in as a letter, at which point we would respond. They preferred the latter option; however, in the meantime, Marty would like you all to review the attached and then come up to meet with him, Brad Jones, and Catherine Marco to discuss the path forward/response.

Marty seemed anxious to meet, so whenever you are ready, I'll work with Liz to get a time scheduled. Next week does appear to have some time slots every day but Thursday.

Thanks,
Alison
