ah ha! I thought maybe I was inept with ADAMS because when I searched all I found was ML093380532.
Thanks!

Well, that was my heart attack for the day. I went to look for it and it wasn't there... Looks like it was profiled in ADAMS with the year 2009 (should have been 2010). It's ML093570572, and I'll get ADAMS IM to fix the date. I knew I remembered issuing it!

Gentlemen,

Can you please send me the ML#s for the final RAIs that were sent to Oyster Creek and Indian Point?

Thanks,
Brian
