Dan,

Per your request - ranked on a scale of 1 -5, here is my familiarity with each plant and why:

<u>PLANT</u>	<u>RANK</u>	<u>BASIS</u>
South Texas Project	1	Participated in a recent (2008) FP Inspection
Wolf Creek	1	Participated in a recent (2008) FP Inspection
Indian Point	2	Participated in FP Inspection and License Renewal Reviews
Oyster Creek,	2	Participated in FP Inspection and License Renewal Reviews
Pilgrim,	3	Participated in FP Inspection
Peach Bottom,	3	Participated in FP Inspection
Browns Ferry	3	Participated in FP Inspection
FitzPatrick,	3	Participated in FP Inspection
TMI	5	One of the plants I have never been to - and since its completed, I apparently wont get to know it better any time soon!

I look forward to working with you.

Ken,

It is good to hear that you are available to help with some of our reviews. Attached is a spreadsheet of the accession numbers of the reviews. The first couple have been completed.

Any insights as to which plants you may be most familiar with would be helpful in our parsing the list of plants.

We hope to get the task order out early June, but these things can't be estimated with precision. Some of the plants have two separate submittals due to preapprovals.

Dan
