Alan, we might want to postpone our meeting until March 4.

Hi Mary - The publication of the sage-grouse finding is DUE to the Fed Reg on Feb 26 (that's the court ordered date). We expect it will take a few days after that to actually publish in the Fed Reg, most likely around March 3. Sc

Hello Alan, I think we should have DEQ, USFWS and the GPO on the line to discuss the 2/26 notice. Do you have a conference number we could use for our meeting on March 1 @ 1PM MT?

Just an FYI, we might want to have a fall back in case the notice isn't actually printed until the first week in March.

Thanks
