Alan, Here is a list of people who should be on the call. They are cc'd here. GPO is the Governor's Planning Office.

The decision will be sent to the FR by 26 Feb. It won't be printed until the following week. Thus the delay in our call to March 4.

Also, we are having a conference call with USFWS, industry, Wyo govt agencies 2/19 @ 3PM MT to get the Service's initial take on what needs to be done to comply with the strategy. I will send you the number - you should probably call in.

Hi Mary - The publication of the sage-grouse finding is DUE to the Fed Reg on Feb 26 (that's the court ordered date). We expect it will take a few days after that to actually publish in the Fed Reg, most likely around March 3. Sc

Hello Alan, I think we should have DEQ, USFWS and the GPO on the line to discuss the 2/26 notice. Do you have a conference number we could use for our meeting on March 1 @ 1PM MT?

Just an FYI, we might want to have a fall back in case the notice isn't actually printed until the first week in March.

Thanks
