LESTER E. COX MEDICAL CENTER AND NOTICE OF VIOLATION ISSUED
FEBRUARY 23, 2011

Dear Mr. Hedden:

As discussed with you on March 4, 2011, the U.S. Nuclear Regulatory Commission issued a transmittal letter and Notice of Violation (NRC Inspection Report 030-09784/11-01(DNMS)) on February 23, 2011, which mistakenly identified the radionuclide for the permanent implant seeds as iodine-131, instead of the correct radionuclide of iodine-125. This error did not affect the Notice of Violation (NOV) that was an enclosure to the letter. The revision of the letter and NOV is enclosed.

If you have any questions, please contact me at (630) 829-9627.

Sincerely,

/RA/
