Tony,

Attached to this email is a list of Requests for Supplemental Information (RSI) that the review team has determined to be needed prior to the start of a technical review for the MAGNATRAN transport cask. Following the list of RSIs, there is a list of observations. The observations include questions identified by staff, which does not rise to the level of a RSI that needs to be resolved before the application can be accepted for review, but may require staff to issue a Request for Additional Information during the detailed technical review.

The attached list is a draft of the RSIs. After discussions of the RSIs at the public meeting, the staff will issue a letter with the finalized RSIs to NAC. This letter is scheduled to be issued by April 1, 2011.

If possible, after reviewing the attached draft RSIs, formulate an approximate response time to the RSIs for discussion at the March 16, 2011 meeting.

We look forward to discussing these topics with you at the meeting.

Thank you,
Jennie
