Name of Participant(s): Juan Carro, President
Dawin Lozada, RSO
Scott Wilson, Health Physicist

Telephone No. 787-614-0207

Subject: Request for information; RE: lost gauge event (Event Report #46007; NMED#100304)

Licensee was contacted to request clarification on the timeline of events regarding a portable gauge that was stolen. Mr. Carro responded with the following information:

- 1) Due to maintenance being performed on the rear stairway to their building, the rear door was unlocked on May 26, 2010. Coincidentally, that was the only day that Mr. Carro was out of the office during the lunch hour and therefore, the gauge was not being attended. May 26, 2010, is the only date where the opportunity existed for someone to steal the gauge.
- 2) On June 3, 2010, Mr. Carro noticed that the gauge was not in its storage location; However, it wasn't until June 10, 2010, that Mr. Carro was confident that the gauge had been stolen and was not simply relocated by the RSO or another authorized user.
- 3) On June 10, 2010, after determining that the gauge was missing, Mr. Carro notified the NRC Operations Center and the San Juan Police Department. Mr. Carro also ordered a press release offering a reward for information leading to the return of the gauge.
- 4) On June 28, 2010, the gauge was anonymously returned.

Action Required: File this record in ADAMS Package (Accession ML102730254) and reference the Docket and Inspection number above.
