Att: Mr. Robert L. Layfield  
Materials Branch

Dear Sir:

As a result of a recent inspection of our facility located at 613 W. Washington St. Morris, Ill. conducted by persons from your Region 111 office, we have learned that our AEC Source Material License should cover the amount of Thorium in finished goods and goods in process, in addition to the raw Thorium stored in the premises.

In view of this we are applying for an amendment to our license to allow us to possess a maximum quantity of 720 lbs. of source material, instead of 360 lbs. presently allowed in our license.

Your kind attention to this matter will be appreciated.

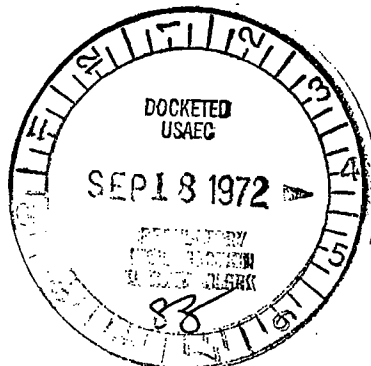

Yours very truly,

S. F. APPLIANCES LIMITED
