Dear Sirs:

We wish to amend the NRC materials license for Facility #1 to reflect that Facility #'s 2 and 3 will be consolidated by transfer of ownership to Facility #1. The following information is provided to assist your consideration:

1. The physician owners of Facility #'s 2 and 3 will become employees of Rutland Regional Medical Center as of April 1, 2011.
2. There will be no personnel changes.
3. The current structural and nuclear imaging facilities of Facility #'s 2 and 3 will be leased from Facility #'s 2 and 3 by Rutland Regional Medical Center starting April 1, 2011.
4. The current surveillance programs at the three facilities are outlined in their respective current licenses. The surveillance programs at the three facilities will not change with the consolidation except that the Rutland Regional Medical Center RSO will assume that role at all three locations and the Rutland Regional Medical Center Radioisotope and Radiation Protection Committee will have oversight at all three locations.
5. There will be no decommissioning of any facilities.
6. Rutland Regional Medical Center will abide by all constraints, conditions, requirements and commitments of Facility #'s 2 and 3.

Sincerely yours,
