SUBJECT

Licensing of Illinois Site and Information Concerning Hackensack, New Jersey Site

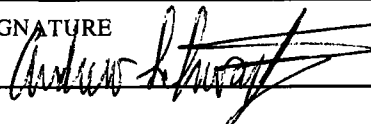

SUMMARY

Bruce Sanza, Head of Inspection and Enforcement for the State of Illinois, stated that Sun Flame Appliance was licensed at 613 W. Washington Avenue, Morris, Illinois to manufacture lantern mantles. I gave him any information in the Region I file concerning contamination of the site in Illinois and he was aware of each item. He also stated that the site was decontaminated and released for unrestricted use. I asked if he had any information in his file concerning the Hackensack, New Jersey site and he said he had no information.
