**Re: Materials License No. 21-32410-01**  
**Additional information to control number 573994**

*Action Completed on 2/17*

Dear Ms. Casey:

We are hereby providing the additional information you requested in your letter dated February 17, 2011 regarding the transfer of control of **Michigan Medical, P.C.** to Spectrum Health, Grand Rapids, Michigan. The transfer of ownership was complete on 1/1/2011.

1. Michigan Medical, P.C. has been integrated into the Spectrum Health System and is now a wholly owned subsidiary of Spectrum Health. The new name for this entity is Spectrum Health Medical Group. **Please note that we are planning to re-align the NRC licensed aspect of the Spectrum Health Medical Group within Spectrum Health to function as a separate entity under the Spectrum Health Hospital Group. This change is tentatively set to occur on May 1, 2011. We will request another amendment to update the name on our license at such time as this change is confirmed.** You may contact Bruce E. Hasselquist, Ph.D. at 616.391.2498 if more information is needed.
2. There have been no changes in personnel or duties related to licensed activities at our existing facilities at 4100 Lake Drive, SE, Kentwood, Michigan and 8333 Felch, Zeeland, Michigan. Any new personnel will be required to complete the same or equivalent training as was required previously under this license.
3. There have been no changes in the structure, location, facilities, equipment or procedures that relate to the licensed program. The former Michigan Medical, P.C. staff continue to manage the laboratory under an agreement with Spectrum Health.
4. Spectrum Health is aware that at the time of transfer and to date there are no open inspection items related to Materials License No. 21-32410-01. Spectrum Health Medical Group will maintain a compliant surveillance program and will be audited quarterly by a medical physicist to ensure continued compliance with the current radiation protection program and all NRC regulations.

RECEIVED MAR 16 2011

5. At this time, no facility or address changes are anticipated. All records concerning decommissioning of facilities have been transferred to Spectrum Health. If Spectrum Health Medical Group ceases operation at any of its current licensed facilities, records of decommissioning will be submitted to the NRC for approval.
6. Spectrum Health confirms that it will abide by all constraints, conditions, requirements and commitments of Spectrum Health Medical Group under its Materials License No. 21-32401-01.

By signing below, we agree to the change of control of Materials License No. 21-32410-01 and the licensed material and activity covered under the license. Both parties agree to the conditions of transfer.

Please feel free to contact either of us with any questions.

Sincerely,
