

March 25, 2011

Mr. Thomas Houdre
Director of the NPP Department
French Nuclear Safety Authority
6 place du colonel Bourgoin
Paris 75012

Dear Mr. Houdre:

Thank you for presenting at the U.S. Nuclear Regulatory Commission's (NRC) 23rd Annual Regulatory Information Conference (RIC), March 8 – 10, 2011, in Rockville, Maryland. This year the total number of participants reached over 2,900 participants including international representatives from 28 countries.

Initial feedback from participants indicates that this year's RIC was another resounding success. Your dedication and support helps the NRC "raise the bar" each year to develop a comprehensive program filled with discussion topics that are timely and relevant.

Your presentation on "Long Term Operation in France" during the License Renewal session provided important information and another perspective about initiatives that are underway in the nuclear arena. The interest of the attendees was evident by the range of questions raised during the question-and-answer period following the panel presentations.

All final presentation slides will be posted on the NRC's RIC website at: <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html>. Again, thank you for your participation at NRC's 2011 RIC. It is your commitment and support that helped to make the RIC a success.

We hope you will join us for the 24th Annual RIC March 13-15, 2012, scheduled to be held at the Bethesda North Marriott Hotel and Conference Center, Rockville, Maryland.

Warm regards,

/RA/ M. Galloway for

Brian E. Holian, Director
Division of License Renewal
Office of Nuclear Reactor Regulation
