United States Nuclear Regulatory Commission
Attn: Mr. John Saxton, Hydrogeologist
Division of Waste Management and Environmental Protection
Office of Federal and State Materials and
Environmental Management Programs
Washington, D.C. 20555-0001

Dear Mr. Saxton:

On behalf of Strata Energy, Inc. (Strata), WWC hereby submits the following in accordance with the January 4, 2011 cover letter and follow-up correspondence to the Ross ISR Source and Byproduct Material License Application (Docket No. 040-09091): 1) An updated confidentiality affidavit regarding public disclosure of proprietary business oriented figures contained in the Ross ISR Technical Report, 2) Revised (10 CFR 2.930 headers removed) TR Figures 3.2-1, 3.3-1, 5.7-1, 5.7-4, 5.7-5 and 5.7-6 as replacements for those provided on January 4, 2011, 3) A complete replacement for TR Addendum 2.9-D, 4) A complete replacement for ER Addendum 3.6-B and 5) An updated table of Requests for Additional Information/Comments detailing where these data may be found in the Ross application materials. The updated table of RAIs and comments is being provided under separate cover and for the use by NRC Staff when acceptance review commences. A change index is provided on the following page to facilitate this limited update to the Ross ISR Project Source and Byproduct Material Application.

The above noted documents are being provided both electronically on compact disc and as hard copies (3) to facilitate uploading to ADAMS and to replace the pages in the three bound documents provided to the NRC on January 4, 2011. Similar to the initial application submittal, the electronic versions were designed to meet NRC requirements for optical character recognition, a resolution of 300 dpi and embedded fonts.

Strata appreciates the opportunity to submit these limited data sets to the NRC Staff and believe these minor items should allow for more efficient review of the application materials. If you have any questions, please do not hesitate to contact me or Mr. Tony Simpson at your convenience. Thank you for your time and consideration in this matter.

Respectfully submitted,

Benjamin J. Schiffer, WWC Project Manager

Cc: James Bashor, BLM-NFO
Miles Bennett, WDEQ-LQD w/o enclosures
Tony Simpson, Chief Operating Officer, Strata Energy

CHANGE INDEX FOR LICENSE APPLICATION AMENDMENT UPDATE OR REVISION
