

March 22, 2011

Russell Bell, Director
Nuclear Plant Licensing
Nuclear Energy Institute
1776 I Street, N.W., Suite 400
Washington, DC 20006

Dear Mr. Bell:

Thank you for presenting at the U.S. Nuclear Regulatory Commission's 23rd Annual Regulatory Information Conference (RIC), March 8 – 10, 2011, in Rockville, Maryland. This year the total number of participants reached over 2,900 participants including international representatives from 28 countries.

Initial feedback from participants indicates that this year's RIC was another resounding success. Your dedication and support helps the U.S. NRC to "raise the bar" each year to develop a comprehensive program filled with discussion topics that are timely and relevant. In particular, the Construction Inspection Program panel was one of the most well attended sessions at the conference and Chuck and I received many compliments on the content and quality of our panel. Your presentation was an important element of our success!

All final presentation slides and questions that were not addressed during the conference are being compiled and will be posted on the NRC's RIC website at: <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html>. Again, thank you for your participation at NRC's 2011 Regulatory Information Conference. It is your commitment and support that helped to make the RIC a success.

We hope you will join us for the 24th Annual RIC March 13-15, 2012, scheduled to be held at the Bethesda North Marriott Hotel and Conference Center, Rockville, Maryland.

Warm regards,

/RA/

John Tappert, Deputy Director
Division of Construction Inspection
& Operational Program
Office of New Reactor

Cc: Chuck A. Casto
