Mr. Carroll, I wanted to call and confirm some items and get you what you need for licensing on your amendment. Mr. Carroll confirmed that he never owned possessed any Ba-133 sources. He transferred all of his sources to Nuclear Diagnostic Products which was sent to me on March 14, 2011, in a letter dated 3/3/2011(ML110740124). Mr. Carroll said that he was going to have Nuclear Diagnostic Product dispose of all but the two Cs-137 sources (identified as 8 & 9) and he would order new Co-57 sources. He would like to be licensed for only the model Cs-137 sources and for Co-57 sources that he had possessed for a limit of 50 millicuries. I also stated that Mr. Ali had identified the model numbers for #3 (NES-8400) and #6 (RV-057).
