Steve

Attached is draft RAI 5589 prepared by the NRC staff for the environmental review of Turkey Point Units 6 and 7. RAI 5589 is related to the site-specific portion of Alternative Site Selection.

After you've had an opportunity to review the RAI, we can set up a call involving FPL and NRC for any clarifications of the request. At that time we can also discuss an appropriate timeframe for the FPL response. If you have any questions, please give me a call.
