Subject: Comments on Draft Guide 1245, "Inspection of Water-Control Structures Associated with Nuclear Power Plants" (Docket ID NRC-2011-0011)

In a January 14, 2011, Federal Register Notice (76 FR 2725), the Nuclear Regulatory Commission (NRC) requested public comments on a Draft Guide (DG) 1245, "Inspection of Water-Control Structures Associated with Nuclear Power Plants." DG-1245 is proposed as Revision 2 of Regulatory Guide 1.127, dated March 1978.

The Nuclear Energy Institute (NEI) provided their comments on this DG by letter dated March 15, 2011. By this letter, the Tennessee Valley Authority provides our endorsement and concurrence with the comments as provided by NEI.

If you have any questions, please contact Rod Cook at (423) 751-2834.

Respectfully,

R. M. Krich
